PVS300-TL	4600 W	R3
PVS300-TL	6000 W	R3
PVS300-TL	8000 W	R3
PVS-APK-F		
PVS-APK-M		
SREA-50		

#### Current life cycle status

The ABB string inverter PVS300-TL with all accessories are in the Obsolete phase since 1.8.2019 according to the ABB life cycle model outlined above.

#### Life cycle change

The Limited phase started 1.2.2019 and was announced to continue until 31.7.2019.

PVS300-TL with all accessories have been transferred to the obsolete phase since 1.8.2019.

The ABB life cycle management model is designed to manage an orderly transition to new replacement products or to choose from various lifetime extending services. At the same time the model ensures access to continuing support for our customers.

#### Recommended actions

No longer service in Obsolete phase. No actions are required. In the case of replacement product needed, please contact local ABB Service.

#### Service availability in Obsolete phase

Life cycle services cannot be guaranteed

Migration to the active product generation might be possible
